MEMORANDUM FOR CHAIRMAN, COMIREX

SUBJECT: Addition to Full Standard COMIREX Distribution List

1. Request that Headquarters, U.S. Army Intelligence and Security Command (HQ INSCOM) be added to the full standard COMIREX distribution list (8COM40). This will insure that they receive copies of minutes, monthly activities reports, and other final COMIREX documents of record. Compartmented courier address for HQ INSCOM is:

U.S. Army Intelligence and Security Command, ATTN: IAOPS-I, c/o Commander, USASSD, (ATTN: TCO/BCO), Bldg 1, RM 237, Arlington Hall Station, Arlington, Virginia.

2. INSCOM is the Major Army Command responsible for providing imagery intelligence support at echelons above corps in each theater. In this role, it is critical that they remain current on COMIREX-related activities. This is important is monitoring the impact of current, national/strategic imagery activities on INSCOM imagery exploitation operations. Also, it allows the HQ INSCOM imagery element to keep apprised of planned changes in imagery collection, exploitation, and dissemination capabilities and assess the impact of these changes on INSCOM operations. HQ INSCOM, along with MIA, FSTC, and ITAC/IAPD, is part of the Army CAMS2(P/S) network.

3. Your assistance in this is greatly appreciated.

Ralph A. Mason, Jr.
